

5 ways to benefit from interest rate increases

Federal interest rates have recently risen. More increases are likely—and that could mean less affordable furnishings and equipment. But with the right timing and payment approach, you can keep costs down while interest rates rise.

HOW TO USE RISING INTEREST RATES TO YOUR ADVANTAGE

1. Fix a low interest rate today with MillerKnoll Financial Solutions
2. Avoid using lines of credit and other types of lending with floating interest rates
3. Finance 100% of your furniture solution, including design, installation, and even other office equipment
4. Ask your MillerKnoll Financial Solutions representative to customize a term and payment structure that
5. Skip paying cash or using lines of credit for additional furniture—instead, simply add it to your agreement for a nominal increase in your monthly payment

Talk to your MillerKnoll Financial Solutions representative today about affordable financing options to maximize your advantage in a rising rate environment.
